

🚀 INDIA'S OWN SPACE STATION

Bharatiya Antariksh Station (BAS)

By ISRO · Department of Space · Govt. of India

India's next big leap in space

WHAT'S THE BIG NEWS?

ISRO is building India's first indigenous space station

- ✓ Fully designed & owned by India
- ✓ Approved by Union Cabinet
- ✓ Named Bharatiya Antariksh Station (BAS)

OFFICIAL GOVERNMENT TIMELINE

2028

First module launch (BAS-01)

2035

Fully operational space station

WHY INDIA NEEDS ITS OWN SPACE STATION

Purpose of Bharatiya Antariksh Station (BAS)

Sustained Human Presence in Space

- Next step after Gaganyaan
- Enables long-duration missions in LEO

Microgravity Research

- Space medicine, materials, biotech
- Testing future space technologies

International Collaboration

- Interoperable with global standards
- Joint research & shared experiments

Deep-Space Exploration Foundation

- Prepares for human Moon landing
- Supports future interplanetary missions

Strengthening Human Space Programme

- Advances life-support & crew safety
- Builds independent orbital capability

WHO HAS SPACE STATIONS?

Elite Space Club

🇺🇸 USA

🇷🇺 Russia

🇨🇳 China

🇪🇺 Europe (ISS partner)

India (soon)

India joins an exclusive global league

THE BIG PICTURE

✨ From Gaganyaan → Space Station

Gaganyaan

Bharatiya Antariksh
Station (BAS)

From a single human mission
to sustained presence in space
